[Amdt. 3]

PART 524—HONEY

SUBPART B—HONEY EXPORT PROGRAM (MARKETING SEASON 1950)

The "Honey Export Program (Marketing Season 1950)," 15 F. R. 2796, as amended, 15 F. R. 4707, 15 F. R. 5222, and the "Application Under Honey Export Program (Marketing Season 1950)" attached thereto, are hereby amended in the manner provided below:

1. Section 524.132 is hereby amended to read as follows:

§ 524.132 Eligibility for payment. Payments will be made to any United States exporter of honey (except as provided in § 524.147), (a) who executes an application in triplicate, on the form set forth in this subpart, covering a firm sales contract dated not later than December 31, 1950, and which is received by the Director within the 15-day period following the execution of the sales contract, or who confirms the execution of a firm sales contract resulting from a prior sales negotiation, the application for which has been previously submitted to the Director in triplicate, on the form set forth in this subpart, and approved by the Director, if such confirmation is received by the Director within the 15-day period following the execution of the firm sales contract, which must be executed not later than December 31, 1950; (b) whose application has been approved by the Director; (c) who sells honey for export pursuant to this program, and who furnishes evidence of exportation of such honey as required by § 524.140; and (d) who otherwise complies with all the terms and conditions of this program. Applications based on firm sales contracts will be approved in the order in which they are submitted within each of the periods for export sales (see § 524.133) and as long as funds are available. Applications based on sales negotiations will be approved in the same manner. The confirmation of completion of a sales negotiation shall include a statement of the quantity of honey, floral source, destination and name and address of buyer named in the final sales contract. If a firm sales contract resulting from a prior sales negotiation, the application for which has been previously approved by the Director, is not executed within 15 days following the date of approval of said application, the Director may cancel the approval of the application. The Director reserves the right to withdraw approval of any application based on sales negotiations, but such withdrawal must be made prior to receipt of notice of completion of the sales negotiations.

2. Section 524.138 is hereby amended to read as follows:

§ 524.138 Minimum grade and inspection. Honey exported under this subpart shall be equal to or better than U. S. Grade B: Except that, honey with a moisture content in excess of 18.6 percent, but not in excess of 20.0 percent, shall, if agreed to between exporter and buyer, be eligible on the basis of the payment differential set forth in § 524.136 reflecting the cost of reducing the moisture content to 18.6 percent. Such honey shall be inspected not more than 30 calendar days prior to shipment from packing plant or warehouse to the port of exportation. The inspection shall be performed by an inspector of the Processed Products Standardization and Inspection Division, United States Department of Agriculture. The cost of the inspection and issuance of certificates shall be borne by the exporter.

The United States Department of Agriculture may, in its discretion, waive compliance on the part of the applicant with regard to the place of inspection specified above. To be effective such waiver must be in writing and signed by the Director.

3. That portion of § 524.149 containing the address of R. W. Walker is hereby amended as follows:

R. W. Walker, United States Department of Agriculture, P. O. Box 3638 (335 Fell Street), San Francisco 2, California.

4. The introductory paragraph of the "Application Under Honey Export Program (Marketing Season 1950)" is hereby amended to read as follows:

The undersigned exporter hereby applies for payments to be made in accordance with the terms and conditions of the above-named program. Exporter states that this application is based on a firm sales contract or sales negotiations, as checked below, and that if it is based on sales negotiations, he will notify the Director of the details of the firm sales contract within 15 days of the date of execution of the firm sales contract which results from the sales negotiation.

Effective date. This amendment shall be effective as of 12:01 a. m., e. s. t., November 9, 1950.

(Sec. 32, 49 Stat. 774, as amended; 7 U. S. C. and Sup., 612c)

PART 572—CONTRACT SURGEONS AND CIVILIAN VETERINARIANS

EMPLOYMENT AND COMPENSATION OF CIVILIAN VETERINARIANS; REVISION

Sections 572.6 to 572.10, inclusive, are rescinded and the following §§ 572.6 to 572.8, inclusive, substituted therefor:

Sec.

572.6 General.

572.7 Compensation.

572.8 Civilian veterinarian practicing on military reservation.

AUTHORITY: §§ 572.6 to 572.8 issued under R. S. 161; 5 U. S. C. 22.

SOURCE: AR 40-90, Oct. 23, 1950.

§ 572.6 General. When veterinary treatment, including medicine, nursing, and hospital care, is required for a public animal and such care and treatment is not otherwise available, the commanding officer, on recommendation of the surgeon, may employ the necessary civilian service, and just accounts therefor will be paid from Army Medical Service appropriations. Accounts for consultation will not be allowed except in extraordinary cases as determined by the commander of the major command concerned. Surgical appliances will be paid for only upon satisfactory evidence of their necessity and such evidence, except in cases of emergency, will be submitted to the commander of the major command concerned for approval before purchase. No civilian veterinarian will be employed to apply or read a mallein test who is not legally authorized to apply mallein tests by the Federal Authority of the State in which the test may be required.

§ 572.7 Compensation. Maximum rates of compensation allowed to civilian veterinarians for veterinary attendance, administration of tests, inoculations, and for physical examination of public animals during each fiscal year will be published annually by the Department of the Army. Physical examinations are authorized only when animals are being changed from one station to another or upon separation from the service.

§ 572.8 Civilian veterinarian practicing on military reservation. (a) Whenever a civilian veterinarian is summoned to take charge of a privately owned animal which is authorized to be maintained on a military reservation, the person responsible for the animal will at the same time inform the commanding officer, who will notify the veterinarian of the installation or, in the absence of a veterinary officer, the surgeon of the installation.

(b) It will thereafter be the duty of the veterinarian or, in the absence of a veterinary officer, the station surgeon, to ascertain if possible from the attending veterinarian or by personal examination of the patient, if deemed necessary, the nature of the condition and, if it proves to be a communicable disease and a source of danger to the command, he will assume supervision of the case and will be

responsible for all measures of isolation, prevention, and disinfection. The station veterinarian or surgeon will in all cases report the nature of the disease to the installation commander in order that the latter may, if the interests of the service demand it, require the patient to be placed under charge of the veterinarian or surgeon.

(c) A civilian veterinarian desiring to practice veterinary medicine on a military reservation will register his name with the installation commander and must agree in writing to observe all regulations relative to the protection of the command against communicable diseases.

Chapter I—Coast Guard, Department of the Treasury

Subchapter L—Security of Waterfront Facilities [CGFR 50-32]

PART 125—IDENTIFICATION CREDENTIALS FOR PERSONS REQUIRING ACCESS TO WATERFRONT FACILITIES OR VESSELS

The President of the United States by Executive Order No. 10173, dated October 18, 1950, 15 F. R. 7005, found that the security of the United States is endangered by reason of subversive activities and prescribed regulations relating to the safeguarding against destruction, loss, or injury from sabotage or other subversive acts or accidents or other causes of similar nature, of vessels, harbors, ports, and waterfront facilities and also provided that the Commandant of the United States Coast Guard shall prescribe necessary supplemental regulations to make effective the provisions of the Act of June 15, 1917, 40 Stat. 220, 50 U. S. C. 191, as further amended by Public Law 679, 81st Congress, 2d Session, and the President's rules and regulations issued pursuant thereto (33 CFR Part 6).

The purpose and intent of the regulations below are to provide security for vessels and waterfront facilities by a security check of merchant marine personnel and identification credentials for persons requiring access to waterfront facilities or vessels.

These regulations shall become effective immediately upon publication of this document in the *FEDERAL REGISTER*. These regulations will be invoked at such ports as the Commandant may from time to time direct. These regulations are published without prior general notice of their proposed issuance for the reason that notice, public rule making procedure, and effective date requirements in connection therewith are hereby found to be impracticable and contrary to the public interest. This urgency is due to the fact that the President has found the security of the United States is endangered by reason of subversive activities.

The regulations in this document will be supplemented by additional regulations which will be considered at a public hearing to be held by the Merchant Marine Council on November 27, 1950, at 9:30 a. m., in Room 2020, Coast Guard Headquarters, Washington, D. C.¹

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Executive Order No. 10173, the following regulations are added to Chapter I of 33 CFR:

The money and effects of the deceased patient shall in all cases be delivered to the legal representative, if any, of his estate. If the value is \$1,000 or less, and the officer in charge has neither notice nor other knowledge of the appointment or qualification of a legal representative, nor reason to believe that a legal representative will be appointed or qualified, he shall deliver all the money and effects, as soon as practicable after the expiration of 10 days from the sending of notices to one of the following in the indicated order of priority:

- (a) A person, if any, designated in writing by the patient to receive the same;
- (b) The patient's surviving spouse;

end of World War II at the specific request of the Department of State. In view of the fact that the Department of State now perceives no objection to removing the restriction against the issuance of seamen's documents to citizens or subjects of Germany or Japan, these restrictions are canceled. In accordance with the Administrative Procedure Act (60 Stat. 237, 5 U. S. C. 1001, et seq.), notice of proposed rule making, public procedure thereon, and publication thirty days prior to its effective date, are found to be unnecessary because this amendment cancels the restriction on the issuance of seamen's documents and imposes no new requirements.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950, and in compliance with the authorities cited below, the following amendment to the regulations is prescribed which shall become effective on the date of publication of this document in the FEDERAL REGISTER:

PROPOSED RULE MAKING**DEPARTMENT OF AGRICULTURE****Office of the Secretary****[36 CFR, Part 231]****NOTICE OF INTENTION TO ISSUE REGULATION GOVERNING THE CONSTITUTING AND ELECTING OF ADVISORY BOARDS**

Notice is hereby given that in accordance with section 18 of the act of April 24, 1950 (Public Law 478, 81st Cong., 2d Sess.), the Secretary of Agriculture is considering the issuance of Regulation G-10 governing the constituting and electing of local advisory boards as provided for in said section.

Prior to the issuance of such regulation, consideration will be given to any data, views, or recommendations pertaining thereto which are filed in writing with any forest supervisor by any existing and recognized elected local advisory board, within 60 days after the date of publication of this notice in the FEDERAL REGISTER.

The proposed regulation is as follows:

Functions delegated to Forest Service. The authorities, powers, functions and duties vested in the Secretary of Agriculture by section 18 of the act of April

24, 1950 (Public Law 478, 81st Cong., 2d Sess.), are hereby delegated to the Forest Service to be exercised by the Chief thereof and such officers and employees as he may designate. The Chief and his designees are hereby authorized and directed to issue such instructions to the officers and employees of the Forest Service with respect to local advisory boards as may be necessary to carry out this regulation and to deal with such local advisory boards.

§ 231.10 Local advisory boards—(a) Petitions for local advisory boards. A majority of the grazing permittees of any national forest or administrative subdivision thereof may file with the forest supervisor a petition that a local advisory board, as provided for in section 18 of the act of April 24, 1950 (Public Law 478, 81st Cong., 2d Sess.), be constituted and elected to function with respect to the management and administration of the grazing resources of such national forest or administrative subdivision thereof and on behalf of the grazing permittees thereof. Such petition shall set forth:

(1) The area for which the local advisory board is desired;

(2) The number of members (not less than 3 nor more than 12) of which the petitioners desire that the local advisory board shall consist;

(3) Such other information as the petitioners desire to have considered in connection with the constituting and electing of the local advisory board which may include an expression of the desires of the petitioners (i) as to whether the several members of the board should be elected from and within various zones of the national forest or administrative subdivision thereof with respect to which the board is to be established, or whether such members should be elected from such national forest or administrative subdivision thereof as a whole; (ii) as to whether the several members of the board should be elected from and by the different kinds of grazing permittees; and (iii) as to the manner in which the election of the members of the board shall be held, that is, by a vote at an assembly of the permittees, by ballot at various polling places, or otherwise.

(b) Constituting and electing local advisory board. Upon receipt of a petition pursuant to the provisions of paragraph (a) of this section the forest supervisor shall examine the petition and deter-

mine the validity of the signatures thereon and whether or not a majority of the grazing permittees of the national forest or administrative subdivision thereof covered by the petition has signed the same. If a majority of such grazing permittees has not signed the petition the forest supervisor shall reject it. If a majority of such grazing permittees has signed the petition the forest supervisor shall determine, if the petition covers less than a national forest, whether or not the area covered thereby constitutes a feasible administrative subdivision of the national forest, taking into consideration the size and location of the area, the number of grazing permittees thereon, the number and kind of livestock grazing thereon, and such other factors as he may deem appropriate. If the petition covers less than a national forest and if the forest supervisor determines that the area covered thereby is a feasible administrative subdivision of the national forest or if the petition covers a national forest, the forest supervisor shall determine (1) the number (not less than three nor more than 12) of members which the local advisory board shall consist of, taking into consideration the desires of the grazing permittees as expressed in the petition and as otherwise ascertained by the forest supervisor, the size of the area for which the board is to be constituted, the number of permittees thereon, the number and kind of livestock grazed thereon, and such other factors as he may deem appropriate; (2) whether the members of the board shall be elected from and within various zones of the area for which the board is to be established or from the area as a whole, and whether the members of the board shall be elected to represent various interests of the grazing permittees, taking into consideration the desires of the permittees, as expressed in the petition and as otherwise ascertained by the forest supervisor, the size, location and dispersal of the area for which the board is to be constituted, the number and dispersal of the grazing permittees on such area, the number and kinds of livestock grazed thereon, and such other information as he may deem appropriate; and (3) the manner in which the members of the local advisory board are to be nominated and elected, taking into consideration the desires of the grazing permittees of the area for which the board is to be constituted as expressed in the petition and as otherwise ascertained by the forest supervisor, the number of members of which the board is to consist, the number and places of residence of the grazing permittees on such area, and such other factors as he may deem appropriate.

Such determinations shall be announced to the grazing permittees on the area for which the local advisory board is to be constituted, and the election of the members of the board shall be called within 60 days from the date the petition is received by the forest supervisor: *Provided*, That if nominations are provided for in advance of the date of the election such nominations shall be made and announced at least 10 days prior to the date of the election. Graz-

ing permittees of the area for which the board is to be constituted shall be eligible to vote in the election. All persons nominated and elected as members of the local advisory board shall be grazing permittees in the area for which such board is constituted, except that a wildlife representative may be appointed as a member of such board by the State Game Commission or the corresponding public body of the State in which the advisory board is located to advise on wildlife problems, but such representative shall not be a voting member of the board. The forest supervisor or his designee shall ascertain and announce the results of the election of the members of the local advisory board.

Each elected member of the local advisory board shall hold office for a term of 3 years or until his successor has been elected and qualified. Vacancies shall be filled for an unexpired term. The election of members to fill unexpired terms or for succeeding full terms shall be in the same manner in which the original members of the board were elected, unless the forest supervisor, in announcing any such election, shall, after consideration by him of any changes in circumstances or other factors as may have occurred, provide for a different manner. A member of the local advisory board shall not receive from the Federal Government any compensation for his services or expenses incurred in the discharge of his duties. The members of the board shall designate a chairman and secretary and may, from time to time, change such designations. The board shall meet at least annually and at such time or times as its members may determine or on call of the chairman thereof or the forest supervisor or his designee.

In testimony whereof, I have hereunto set my hand and affixed the seal of the United States Department of Agriculture at Washington, D. C., this 3d day of November 1950.

SUGAR REQUIREMENTS, QUOTAS, AND QUOTA
DEFICIT FOR CALENDAR YEAR 1951

NOTICE OF PROPOSED RULE MAKING

Pursuant to the authority contained in the Sugar Act of 1948 (7 U. S. C. Supp. I, 1100), the Secretary of Agriculture is preparing to determine the sugar requirements and to establish sugar quotas for the calendar year 1951 (1) for the continental United States pursuant to sections 201 and 202 of the act, and (2) for local consumption in Hawaii and in Puerto Rico pursuant to sections 201 and 203 of the act. The Secretary is also preparing to determine whether any domestic area, the Republic of the Philippines, or Cuba will be unable to market its quota, the deficit so determined shall be reallocated, in accordance with a stated formula.

the quota for such area in 1951 and to reallocate, pursuant to section 204, any quota deficit so determined.

Section 201 of the act provides that the Secretary of Agriculture shall determine for each calendar year the amount of sugar needed to meet the requirements of consumers in the continental United States. In making such determinations, the Secretary is directed to use as a basis the amount of sugar distributed for consumption during the 12 months ending October 31 last and to adjust such amount for any deficiency or surplus in inventories of sugar and for changes in consumption because of the changes in population and demand conditions. The Secretary is also directed to take into consideration certain standards with a view to providing such supply of sugar as will be consumed at prices which will not be excessive to consumers and which will fairly and equitably maintain and protect the welfare of the domestic sugar industry. The standards to be taken into consideration include those enumerated above and also the level and trend of consumer purchasing power and the relationship between the prices at wholesale for refined sugar that would result from such determination and the general cost of living in the United States as compared with the relationship between prices at wholesale for refined sugar and the general cost of living in the United States obtaining during 1947 prior to the termination of price control.

Section 202 of the act provides for fixed quotas for the domestic areas and for the Republic of the Philippines and for the apportionment of the balance of the requirements to foreign countries other than the Republic of the Philippines in accordance with stated percentages.

Section 203 of the act provides that the Secretary also shall determine in accordance with such provisions of section 201 as he deems applicable, the amount of sugar needed to meet the requirements of consumers in Hawaii and in Puerto Rico and shall establish quotas for local consumption in such areas equal to the amounts so determined.

Section 204 of the act provides that the Secretary shall from time to time during the calendar year determine whether in view of various factors specified in the act, any domestic area, the Republic of the Philippines, or Cuba will be unable to market the quota for such area. Section 204 further provides that upon a finding that any such area will be unable to market its quota, the deficit so determined shall be reallocated, in accordance with a stated formula.

A public hearing will be held in Washington, D. C., in the Auditorium, South Building, United States Department of Agriculture, on November 23, 1950, at 9:30 a. m., e. s. t., for the purpose of affording interested persons an opportunity to present orally any data, views, or arguments with respect to the determination of sugar requirements and the establishment of sugar quotas for the continental United States for the calendar year 1951. The principal matters for consideration at the hearing relate to (1) the manner of determining

deficiencies or surpluses in inventories of sugar, (2) the effect of various changes in demand conditions, (3) the effect of the prospective 1951 level and trend of consumer purchasing power, (4) the manner in which the relationship between the wholesale price of refined sugar and the general cost of living in the United States should be employed or considered, and (5) the relative importance of the foregoing factors in determining the sugar requirements for 1951.

Prior to the issuance of regulations setting forth the sugar requirements for the continental United States for the calendar year 1951 and the sugar quotas for 1951 for domestic and foreign areas, consideration will be given to any data, views, or arguments pertaining thereto which are presented at the hearing or which are submitted in writing to the Director, Sugar Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. Prior to the issuance of regulations setting forth (1) the sugar requirements for Hawaii and for Puerto Rico for the calendar year 1951 and the sugar quotas for 1951 for local consumption in such areas, and (2) the amount by which any domestic area, the Republic of the Philippines, or Cuba will be unable to market the quota for such area in 1951 and the reallocation of such deficit, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing to the Director, Sugar Branch, Production and Marketing Administration. Written data, views, or arguments must be submitted in quadruplicate and must be received not later than December 11, 1950. Such data, views, or arguments submitted at the hearing will be accepted as a part of the record, but will not be copied into the transcript of the oral testimony given at the hearing. All such data, views, or arguments will be available for examination at the office of the Hearing Clerk.

Issued at Washington, D. C., this 6th day of November 1950.

§ 115.01 Basis and purpose of subchapter. By virtue of authority vested in the Commandant of the Coast Guard, under Executive Order No. 10173 to make effective Public Law 679, 81st Congress, 2d Session, approved August 9, 1950, the rules and regulations in this subchapter are prescribed for the security of vessels in accordance with the intent of the law and Executive order and to obtain their correct and uniform administration.

§ 115.03 Commandant. The term "Commandant" means Commandant of the Coast Guard.

§ 115.05 Security check. By security check is meant the processes or actions taken by the Commandant to determine (a) whether the holder of a license or certificate is a safe and suitable person to be employed on a vessel under the authority of his license or certificate, and (b) whether an applicant for a license or certificate is a safe and suitable person to be issued such a document.

§ 115.07 Security clearance. By security clearance is meant the approval by the Commandant for a person to be employed as a licensed officer or certificated man on vessels of the United States requiring such licensed or certificated personnel. This security clearance may be given in the form of permission for employment for one voyage, or for a specific length of time, or by the issuance of a document bearing evidence of security clearance.

§ 115.09 Safe and suitable person. A safe and suitable person is one whose character and habits of life are such as to authorize the belief that his presence aboard vessels of the United States is not inimical to the security of the United States.

§ 115.11 Security check at time of crew sign-on. Each licensed officer and certificated man may be checked by the Coast Guard prior to signing the particulars of engagement of the shipping articles (before shipping commissioners and collectors or deputy collectors of customs acting as shipping commissioners). Only those who are temporarily cleared or who are in possession of a document bearing evidence of clearance may be so employed.

(1) The full name of the applicant.
(2) The number of the applicant's Certificate of Identification, Continuous Discharge Book, or Merchant Mariner's Document.

(3) The applicant's date of birth.

(c) Approval of Commandant required. No document bearing an indication of security clearance shall be issued except upon prior approval of the

PROPOSED RULE MAKING

Commandant. No applicant shall be issued any evidence of security clearance without the Commandant's authorization.

(d) *Basis for rejection.* (1) The Commandant will deny a security clearance to any person if, upon full consideration, he is satisfied that the applicant's character and habits of life are such as to authorize the belief that the presence of the person aboard vessels of the United States would be inimical to the security of the United States.

(2) The basis of rejection as above will be when reasonable grounds are found to warrant the belief that such person is affiliated with, or sympathetic to, any organization, association, group, or combination of persons subversive or disloyal to the Government of the United States.

(e) *Union activity.* No man will be denied security clearance solely because of union activity.

(f) *Professional or physical examination not required.* No further professional or physical examination of persons already licensed or certificated will be required for the issuance of a document evidencing security clearance provided no additional grade or rating is applied for at the same time.

§ 115.15 Issuance of documents bearing security clearance indorsement—(a) Form of document. The document evidencing security clearance shall be in the form of a Merchant Mariner's Document and no other document held by a licensed officer or certificated man will be accepted as evidence of security clearance, nor shall any other document be indorsed to show security clearance. A person holding a Continuous Discharge Book will, when entitled to a document evidencing security clearance, be issued a Merchant Mariner's Document bearing the book number and he will not be required to surrender his Continuous Discharge Book upon issuance of the Merchant Mariner's Document.

(b) *Surrender of old document.* Upon the issuance of a document evidencing security clearance, the document being replaced shall be surrendered to the issuing officer.

(c) *Photograph required.* The applicant shall furnish one unmounted, dull finish photograph, 2 inches by 1½ inches, of passport type taken within one year of the date of application. Photographs shall show the full face, at least one inch in height, with the head uncovered, and shall be a clear and satisfactory likeness of the applicant.

(d) *No charge for exchange.* No charge shall be made for the issuance of a Merchant Mariner's Document evidencing security clearance when it is exchanged for a currently held valid document.

(e) *Duplicates of documents bearing clearance indorsement.* Any person to whom a document evidencing security clearance is issued may be issued a duplicate thereof but only after a full explanation of the loss of the document is made in writing to the Coast Guard and after a full check is made and authorization granted by the Commandant. The requirements of 46 CFR 12.02-23 shall also apply.

(f) *Denial or revocation of clearance indorsement.* When it is determined by the Commandant that a person to whom security clearance has been denied or to whom a document evidencing security clearance has been granted is not eligible therefor, within the meaning of § 115.13 (d), such person shall be so notified in writing and, in the latter event, he shall immediately surrender to the Coast Guard any document held by him which evidences security clearance.

§ 115.17 Right of appeal. Any person who has been denied a security clearance, or who is required to surrender any document evidencing security clearance, shall have the right to appeal from such action in the manner described in this part.

§ 115.19 Local Appeal Boards. (a) The Commandant will appoint a Local Appeal Board in each coastal Coast Guard District. Each board will be composed of three members, one to be designated as Chairman who shall represent the Coast Guard in the public interest; the other members of the Board shall, so far as practicable, represent management and labor and shall be drawn from a panel containing such representatives. The Chairman of the Board shall designate from these panels the individual members to hear each appeal. In addition to the management and labor representatives, other reputable citizens in the community will be appointed to these panels; they will act as alternates in the event of sustained challenge or other unavailability of management and labor representatives.

(b) The aforesaid management, labor, and alternate members will be nominated by the Secretary of Labor pursuant to § 6.10-9 of Subchapter A of this chapter. Such members shall be deemed to be employees of the United States and shall be entitled to compensation under the provisions of section 15 of the act of August 2, 1946 (5 U. S. C. 55a) while performing duties as Board members.

(c) The Board shall consider fairly each appeal brought before it. Its proceedings shall be conducted with due regard to the National Security.

§ 115.21 Chairman of the Board: duties and responsibilities. (a) The Chairman of the Board shall keep a list of the names and addresses of the members of the panel and maintain current data with respect to their availability. He shall also make all necessary arrangements incidental to the business of the Board. These arrangements shall include the designation of management and labor panel members to hear each specific appeal, and the designation of alternate panel members when necessary. In carrying out these duties the Chairman of the Board shall:

(1) Accept an appeal from any appellant denied security clearance;

(2) Obtain from the Commandant the complete record in the case;

(3) Furnish the appellant with a written statement which shall contain, as specifically as considerations of security will permit the basis upon which security clearance was denied, and notification:

(i) That, within a period of 10 days from the receipt of the statement, he may file, if he so desires, a written answer with the Chairman;

(ii) That, within 15 days after receipt of such statement, unless the appellant tenders a timely request for a postponement, the Local Appeal Board will meet to hear such evidence as the appellant desires to submit;

(iii) That, unless otherwise requested by the appellant, at least 48 hours' notice will be given of the date and place of hearing;

(iv) That the appellant may appear personally before such Board; be present during the entire hearing; be represented by counsel, or other representative, of his own choosing; and present evidence in his own behalf, through witnesses, or by documents, or both;

(v) Of the names of the prospective members of the Board; and

(vi) Of the appellant's privilege, for good cause shown, of challenging any member of the Board.

(b) Within 5 days after receipt of the statement described in paragraph (a) (3) of this section, an appellant may request disqualification of any member of the Board on the grounds of personal bias or other cause. The appellant shall accompany his request with an affidavit setting forth in detail the facts alleged to constitute grounds for disqualification. The appellant may supplement his affidavit with an oral presentation if he so desires. If after due consideration the Chairman believes a challenged member qualified notwithstanding the challenge, he shall notify the appellant and arrange to proceed to hearing. If the appellant excepts to the ruling of the Chairman, such exception and data relating to the claim of disqualification shall be made a matter of record. If the Chairman finds that there is reasonable ground for disqualification he shall furnish the appellant with the name of an alternate in lieu of the challenged member and arrange to proceed to hearing. In the event the Chairman of the Board is challenged, he shall forthwith notify the Commandant, furnishing the grounds for the claim of disqualification whereupon a new Chairman will be appointed if reasonable grounds for disqualification exist, who shall arrange to proceed to hearing.

In addition to the right of challenge for cause, the appellant shall have 2 preemptory challenges; 1 challenge for the management member and 1 challenge for the labor member of the board. Should the management member be so challenged, the appellant may elect to have the management member replaced by another management member or by a member not representing either management or labor; if the member preemptorily challenged represents labor, the appellant may elect to have the labor member replaced by another labor member or by a member not representing either management or labor.

§ 115.23 Hearing of appeals. (a) Members of Appeal Boards shall be guided by the regulations in this subchapter and Subchapters A and L of this chapter, together with such supplement-

tary instructions as may be issued by the Commandant.

(b) The proceedings shall be presided over by the Chairman of the Board and shall be conducted in an orderly and decorous manner with every effort made to protect the interests of the United States and of the appellant. In performing these duties, the members of the Board should at all times avoid the attitude of prosecutor.

(c) Hearings may be conducted in open or closed session at the option of the appellant: *Provided, however,* That if it appears during the course of the hearing that data whose disclosure would be inimical to the security of the United States or to the interests of the appellant might be divulged, the Chairman shall see that such disclosure is not made to persons who are not authorized to receive it.

(d) During the course of the proceedings the Chairman shall rule in open session on all questions presented to the Board for its determination, subject to objection by any member of the Board. In case of such objection, majority vote of the members of the Board will control.

(e) The Board may ask the appellant or witness any questions calculated to obtain the fullest possible disclosure of relevant and material facts.

(f) The members of the Board shall not engage in any arguments with the appellant, his counsel or witnesses.

(g) The verbatim record of the testimony of the appellant and his witnesses will not be taken but the members of the Board will take their own notes during the course of the hearing in order to reach a proper determination of the issues involved. The technical rules of evidence shall not apply.

§ 115.25 Recommendations of the Board. (a) The Board shall carefully consider all material before it, including the data furnished upon which denial of security clearance was based, together with the data presented by the appellant. In making such determination the Board will consider the manner in which the witnesses have testified before the Board, their demeanor on the witness stand, the probability of their testimony, their credibility, the authenticity of documentary evidence or lack of evidence upon some material fact in issue.

(b) Should the Board feel that further investigation should be made on any material matter, it may so recommend, identifying, when possible, the persons or sources from which additional data should be sought. If, after considering all relevant factors, the Board is of the opinion that the national security will not be endangered by security clearance, it shall so recommend; otherwise, an adverse recommendation shall be made.

(c) The recommendation of the Board shall be determined by a majority vote and each vote shall have equal weight. In the event of a dissent, each separate

recommendation shall be made a matter of record.

(d) The recommendation of the Board together with all documentary data shall be transmitted by the Chairman of the Board directly to the Commandant for his determination. A complete but concise statement of the reasons or basis upon which the Board and the dissenting member if any arrived at its or his recommendation shall accompany the record. The Commandant may either approve or reject the recommendation of the Board or remand the case for further proceedings.

(a) Persons regularly employed on vessels or on waterfront facilities.

(b) Persons having regular public or private business connected with the operation, maintenance, or administration of vessels or waterfront facilities.

§ 125.21 *United States citizens.* Acceptable evidence of United States citizenship is described herein in the order of its desirability; however, the Coast Guard will reject any evidence not believed to be authentic:

(b) Certificate of Naturalization. This shall be presented by all persons claiming citizenship through naturalization.

(g) A continuous discharge book, or merchant mariner's document issued by the Coast Guard which shows the holder to be a citizen of the United States.

(h) Delayed certificate of birth. If an applicant claiming to be a citizen of the United States submits a delayed certificate of birth issued under a State's seal, it may be accepted as *prima facie* evidence of citizenship if no one of the requirements in paragraphs (a) to (g) of this section can be met by the applicant and in the absence of any collateral facts indicating fraud in its procurement.

(i) If no one of the requirements in paragraphs (a) to (h) of this section can be met by the applicant, he should make a statement to that effect, and in an attempt to establish citizenship, he may submit for consideration data of the following character:

(1) Report of the Census Bureau showing the earliest record of age or birth available. Request for such information should be addressed to the Director of the Census, Washington 25, D. C. In making such request, definite information must be furnished the Census Bureau as to the place of residence when the first census was taken after the birth of the applicant, giving the name of the street and the number of the house, or other identification of place where living, etc.; also names of parents or the names of other persons with whom residing on the date specified.

§ 125.29 *Basis for denial.* (a) The Commandant will deny a Coast Guard Port Security Card to any person if, upon full consideration, he is satisfied that the applicant's character and habits of life are such as to authorize the belief that the presence of the person on waterfront facilities and port and harbor areas, including vessels therein, would be inimical to the security of the United States.

(b) The basis for rejection as above will be when reasonable grounds are found to warrant the belief that such person is affiliated with, or sympathetic to, any organization, association, group, or combination of persons subversive or disloyal to the Government of the United States, or that such person is otherwise not a suitable and safe person to have access to such waterfront facilities and port and harbor areas, including vessels therein, by reason of:

§ 125.33 *Right of appeal.* Any person who has been denied a Coast Guard Port Security Card or who has been required to surrender his Coast Guard Port Security Card shall have the right to appeal from such action in the manner described and under the same conditions as set forth in Part 115 of Subchapter K of this chapter.

§ 125.35 *Replacement of lost Coast Guard Port Security Card.* (a) Any person whose Coast Guard Port Security Card has been stolen, lost or destroyed shall report that fact to a Coast Guard Port Security Unit or Captain of the Port as soon thereafter as possible.

(b) A person who has lost a Coast Guard Port Security Card may apply for a replacement card by submitting "An Application for Replacement of Lost Port Security Card" (Form CG 2685A) to a Coast Guard Port Security Unit. A replacement will be issued only after a full explanation of the loss of the Coast Guard Port Security Card is made in writing to the Coast Guard and after a full check is made and authorization is granted by the Commandant.

(c) Any person to whom a Coast Guard Port Security Card has been issued as a replacement for a lost card, shall immediately surrender the original card to the nearest Coast Guard Port Security Unit or Captain of the Port if the original card should be recovered.

MINIMUM WAGE RATES IN THE CLAY AND CLAY PRODUCTS INDUSTRY IN PUERTO RICO

NOTICE OF PROPOSED DECISION

On October 27, 1949, pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended, hereinafter called the act, the Administrator of the Wage and Hour Division, United States Department of Labor, by Administrative Order No. 389, appointed Special Industry Committee No. 6 for Puerto Rico, hereinafter called the Committee, and directed the Committee to investigate conditions in a number of industries in Puerto Rico specified and defined in the order, including the Clay and Clay Products Industry, and to recommend minimum wage rates for employees engaged in commerce or in the production of goods for commerce in such industries.

For purposes of investigating conditions in and recommending minimum wage rates for the Clay and Clay Products Industry in Puerto Rico, the Committee included three disinterested persons representing the public, a like number representing employers, and a like number representing employees in

the Clay and Clay Products Industry, and was composed of residents of Puerto Rico and of the United States outside of Puerto Rico.

After investigating economic and competitive conditions in the Clay and Clay Products Industry in Puerto Rico, the Committee filed with the Administrator a report containing (a) its recommendation that the industry be divided into separable divisions for the purpose of fixing minimum wage rates; (b) the titles and definitions recommended by the Committee for such separable divisions of the industry; and (c) its recommendations for minimum wage rates to be paid employees engaged in commerce or in the production of goods for commerce in such divisions of the industry.

Pursuant to notice published in the *FEDERAL REGISTER* on February 25, 1950, and circulated to all interested persons, a public hearing upon the Committee's recommendations was held before Hearing Examiner Clifford P. Grant, as presiding officer, in Washington, D. C., on March 27 and 28 and May 23 and 24, 1950, at which all interested parties were given an opportunity to be heard. After the hearing was closed the record of the hearing was certified to the Administrator by the presiding officer.

Upon reviewing all the evidence adduced in this proceeding and after giving consideration to the provisions of the act, particularly sections 5 and 8 thereof, I, as Acting Administrator, have concluded that (1) the recommendation of the Committee for a minimum wage rate of 40 cents per hour in the Structural Clay and Miscellaneous Clay Products Division of the Clay and Clay Products Industry in Puerto Rico, as defined, was made in accordance with law, is supported by the evidence adduced at the hearing, and, taking into consideration the same factors as are required to be considered by the Committee, will carry out the purposes of sections 5 and 8 of the act; (2) the recommendation of the Committee for a minimum wage rate of 50 cents per hour in the Semi-vitreous and Vitreous-china Food Utensils Division of the Industry, as defined, is not supported by the evidence adduced at the hearing, and, taking into consideration the same factors as are required to be considered by the Committee, would not, if approved, carry out the purposes of sections 5 and 8 of the act.

I have set forth my decision in a document entitled "Findings and Opinion of the Acting Administrator in the Matter of the Recommendations of Special Industry Committee No. 6 for Puerto Rico for Minimum Wage Rates in the Clay and Clay Products Industry in Puerto Rico," a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C.

Accordingly, notice is hereby given, pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) and the rules of practice governing this proceeding (15 F. R. 1049), that I propose to approve the recommendation of the Committee for the Structural Clay and Miscellaneous Clay Products Division and to issue a wage order to read

as set forth below to carry such recommendation into effect. Notice is also given that I propose to disapprove the minimum wage recommendation of the Committee for the Semi-vitreous and Vitreous-china Food Utensils Division, and to refer the matter of recommending the appropriate minimum wage rate for this division of the industry to Special Industry Committee No. 9 for Puerto Rico. Such industry committee is to commence public hearings on November 21, 1950, in the New York Department Store Building, Santurce, Puerto Rico, to consider minimum wage rates for various industries in Puerto Rico. All interested parties will have an opportunity to be heard.

Within 15 days from publication of this notice in the *FEDERAL REGISTER*, interested parties may submit written exceptions to the proposed actions above described. Exceptions should be addressed to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. They should be submitted in quadruplicate, and should include supporting reasons for any exceptions.

§ 700.2 Notices of order. Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the clay and clay products industry in Puerto Rico shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Division may prescribe.

§ 700.3 Definitions of the clay and clay products industry in Puerto Rico and its divisions. (a) The clay and clay products industry in Puerto Rico, to which this order shall apply, is hereby defined as follows:

The quarrying or other extraction of common clay, shale, kaolin, ball clay, fire clay, and other types of clay; and the manufacture of structural clay products, china, pottery, tile, and other ceramic products and refractories.

This definition supersedes the definitions contained in any and all wage orders heretofore issued for other industries in Puerto Rico to the extent that

such definitions include products or operations covered by the definition of this industry.

MINIMUM WAGE RATES IN THE METAL, PLASTICS, MACHINERY, INSTRUMENT, TRANSPORTATION EQUIPMENT, AND ALLIED INDUSTRIES IN PUERTO RICO

NOTICE OF PROPOSED DECISION

On March 17, 1950, pursuant to section 5 (a) of the Fair Labor Standards Act of 1938, as amended, hereinafter called the act, the Administrator of the Wage and Hour Division, United States Department of Labor, by Administrative Order No. 395, appointed Special Industry Committee No. 7 for Puerto Rico (hereinafter called the "Committee") and directed the Committee to investigate conditions in a number of industries in Puerto Rico specified and defined in the order, including the Metal, Plastics, Machinery, Instrument, Transportation Equipment, and Allied Industries in Puerto Rico (hereinafter called "The Industries"), and to recommend minimum wage rates for employees engaged in commerce or in the production of goods for commerce in such industries.

For purposes of investigating conditions in and recommending minimum wage rates for The Industries, the Committee included three disinterested persons representing the public, a like number representing employers, and a like number representing employees in The Industries, and was composed of residents of Puerto Rico and of the United States outside of Puerto Rico.

After investigating economic and competitive conditions in The Industries, the Committee filed with the Administrator a report containing (a) its recommendation that The Industries, as defined in Administrative Order No. 395, be divided into separable divisions for

PROPOSED RULE MAKING

the purpose of fixing minimum wage rates; (b) the titles and definitions recommended by the Committee for such separable divisions of The Industries; and (c) its separable recommendations for minimum wage rates to be paid employees engaged in commerce or in the production of goods for commerce in the separable recommended divisions of The Industries, namely:

- (1) 45 cents an hour to employees in the General Division;
- (2) 53 cents an hour to employees in the Heavy Products and Industrial Equipment Divisions; and
- (3) 40 cents an hour to employees in the Decorations Division.

Pursuant to notice published in the *FEDERAL REGISTER* on August 23, 1950, and circulated to all interested persons, a public hearing upon the Committee's recommendations was held before Hearing Examiner Clifford P. Grant, as presiding officer, in Washington, D. C., on September 19, 1950, at which all interested parties were given an opportunity to be heard. After the hearing was closed the record of the hearing was certified to the Administrator by the presiding officer.

Upon reviewing all the evidence in this proceeding and after giving consideration to the provisions of the act, particularly sections 5 and 8 thereof, I, as acting Administrator, have concluded that the recommendations of the Committee for minimum wage rates in the General Division and the Heavy Products and Industrial Equipment Division of The Industries, as defined, were made in accordance with law, are supported by the evidence adduced at the hearing and, taking into consideration the same factors as are required to be considered by the Committee, will carry out the purposes of sections 5 and 8 of the act.

As to the Committee's recommendation of a minimum wage for the Decorations Division, upon reviewing all the evidence in this proceeding and after giving consideration to the provisions of the act, particularly sections 5 and 8 thereof, I have concluded that the Committee's recommendation of a minimum wage rate for the Decorations Division of The Industries, as defined, is not supported by the evidence adduced at the hearing and, taking into consideration the same factors as were required to be considered by the Committee, would not, if approved, carry out the purposes of sections 5 and 8 of the act.

I have set forth my decision in a document entitled "Findings and Opinion of the Acting Administrator" in the Matter of the Recommendation of Special Industry Committee No. 7 for Puerto Rico of Minimum Wage Rates in The Industries, a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C.

Accordingly, notice is hereby given, pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) and the rules of practice governing this proceeding (15 F. R. 5636), that I propose to disapprove the Committee's recommendation of a minimum wage rate

for the Decorations Division of The Industries and refer the question of an appropriate minimum wage rate or rates to be fixed for the activities and products included in said Division to Special Industry Committee No. 9 for Puerto Rico. Said Industry Committee is to commence public hearings on November 21, 1950, in the New York Department Store Building, Santurce, Puerto Rico to consider minimum wage rates for various industries in Puerto Rico. Notice is also given that I propose to approve the Committee's recommendations of minimum wage rates for the General Division and the Heavy Products and Industrial Equipment Division and to issue a wage order to read as set forth below, to carry such recommendations into effect. Interested parties may submit written exceptions within 15 days from publication of this notice in the *FEDERAL REGISTER*. Exceptions should be addressed to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. They should be submitted in quadruplicate, and should include supporting reasons for any exceptions.
